

Main board

2X 500W 230V Heating cartidges driver

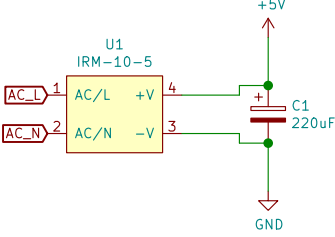

Type K termocouple managment

230V AC connector and fuse

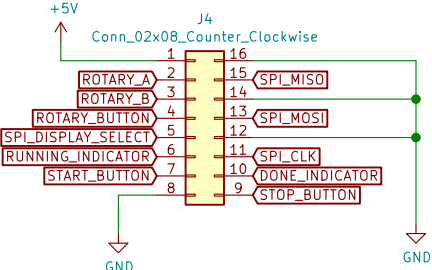

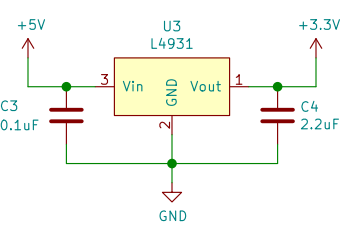

Connector to control panel board

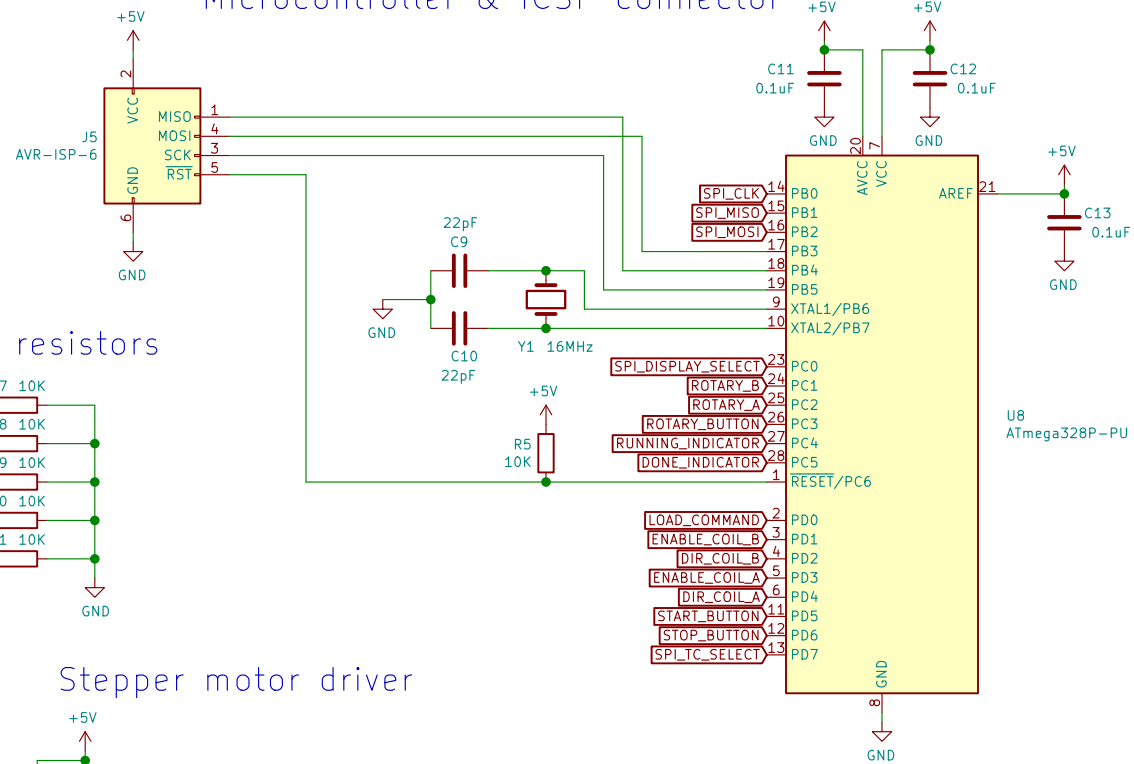

230V AC to 5V DC

5V DC to 3.3V DC

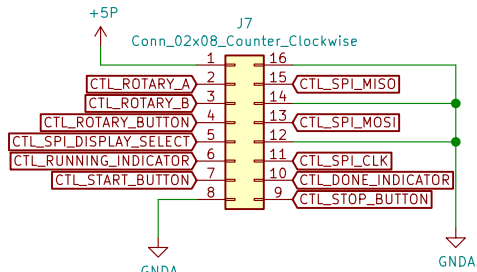

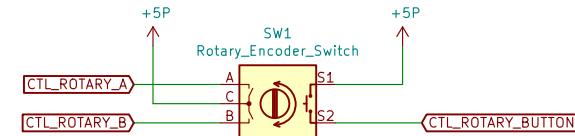

Microcontroller & ICSP connector

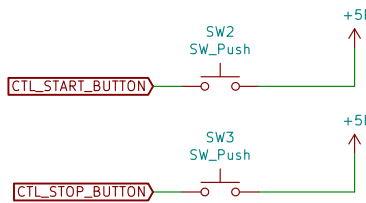

Control panel board

Connector to main board

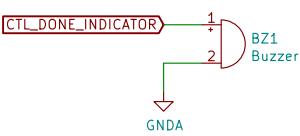

Rotary encoder (menu)

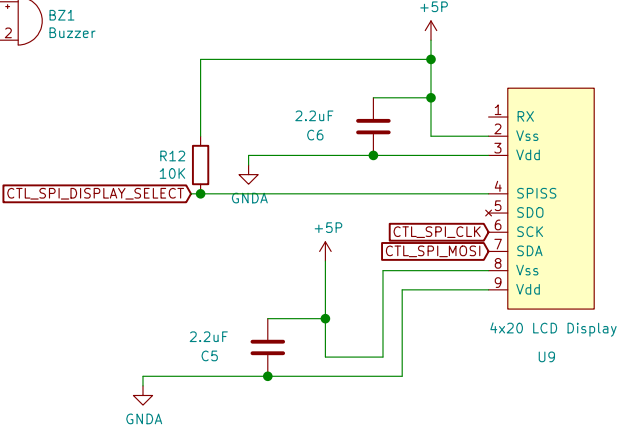

Start and Stop buttons

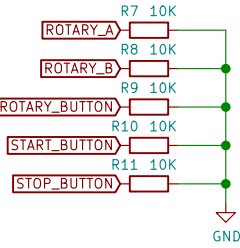

End of task buzzer

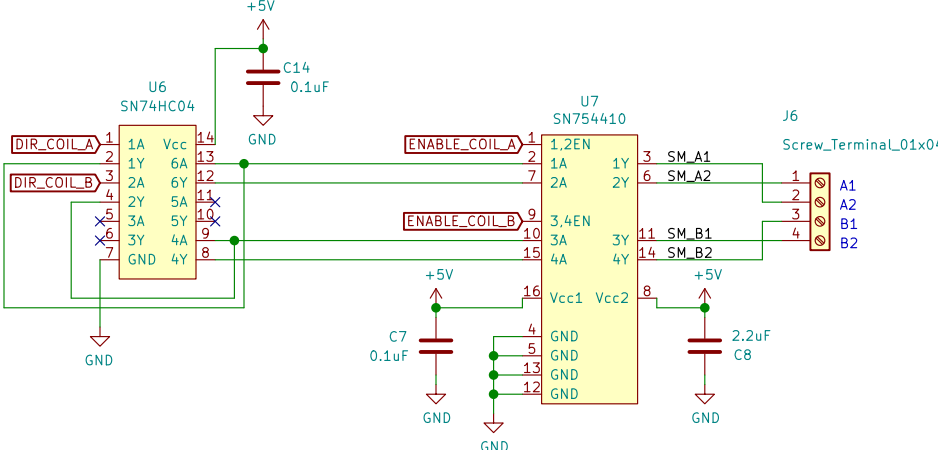

LCD Display

Pull-down resistors

Stepper motor driver

Running and power indicators
